

COLUMBIA UNIVERSITY
COLUMBIA CONSORTIUM FOR RISK MANAGEMENT

In cooperation with:

AFOSR Workshop on Catastrophic Risks
June 1-2 2012 at SRI I-Building, Main Room
333 Ravenswood Avenue, Menlo Park, 94025 California
Call for Abstracts

Dear Participant,

As shown in the draft of the Workshop Program sent out on March 20th we hope the participants will give a presentation on their current research as it relates directly to the topic of the Workshop.

For this purpose we attach a summary of the AFOSR grant award FA9550-09-1-0467 to Columbia University for research in "Optimal Statistical Decisions with Catastrophic Risks".

We would be most grateful if you could please provide a brief abstract, no longer than 120 words of a presentation and a title so we can review it for applicability. We are considering a publication with the articles presented at the Workshop. Please email this abstract to Ursula Coleridge at Ursula.Coleridge@globalthermostat.com before April 20th

We look forward to receiving and reviewing your proposed abstracts and titles

Many Thanks,

Ursula Coleridge on behalf of:

Professor Graciela Chichilnisky, Columbia University, Organizer

Workshop Advisors

Professor Terence Agbeyegbe, Hunter College and the Graduate Center CUNY
Professor Bala Rajaratnam, Stanford University
Professor Louis Narens, University of California at Irvine
Professor Victoria Maria Rivas, Universidad Complutense Madrid

Graciela Chichilnisky, Director
